

# Inva HomeLift

The Premier Enclosed Platform Lift for your home

# Enhance the **value** and **accessibility** of your home

The HomeLift is a high quality enclosed platform lift, suitable for any home or apartment. The home lift is supplied with it's own lift shaft and is available in amazingly small footprint sizes, starting from 950mm x 1150mm. This lift occupies little extra ground space than a standard armchair.

We offer the latest technology to fit a lift into an incredibly tight space, allowing you to retain the maximum area in your home whilst giving you a lift with amazing internal space. To give maximum flexibility, doors can be positioned on any of the 3 non-drives sides of the enclosure.

Our Inva HomeLift is fully compliant with the Machinery Directive 2006/42/EC. This means there is no need for a full depth pit and increased headroom that would be necessary with conventional passenger lifts.

The lift is extremely reliable and very eco friendly as it uses significantly less power than an electric kettle. The unit is one of the quietest lifts on the market and is cost effective to both operate and maintain.

The Inva HomeLift comes with a 12 month parts and labour warranty and also an amazing 5 year guarantee on the motor and gearbox, and an incredible 10 year guarantee on the drive chains!

## Standard specification:

- Footprint of 950mm x 1150mm
- Installation space of 980mm x 1180mm
- Platform size of 800mm x 1000mm
- Capacity - 400kg / 5 persons
- Speed - 0.15 metres per second
- Doors - manually operated with self closer
- Travel - 2 to 5 levels, up to 15 metres maximum
- LED lighting to lift shaft ceiling
- Electrical emergency lowering from within the lift
- Telephone
- Voice annunciation

## Range of Door Designs

## Need something larger?

We also offer the MC2000 platform lift. It's based on the same technology as our home lift, but has a range of larger platforms suitable for wheelchairs, or other applications which may require more space. Available in a range of colours and finishes to suit your home, contact us for more information.

## Personalise your lift:

- Glazing to lift shaft - clear, smoked or coloured
- Enhanced platform finishes (exclusive oak/stainless steel)
- Different colours for shaft and doors
- Longer platforms of 1100mm or 1200mm
- Automatic doors
- Hidden door closers
- Different door designs including fire doors
- Floor finishes
- Wooden or stainless steel door handles
- Communication systems - autodialler or intercom
- Key locking
